**4.1 General. The Software Warranty, Remedies, and Exclusions are applicable to all licensed Software components purchased without a separately purchased Software Support Agreement.**

**4.2 Limited Warranty.** DUST NETWORKS warrants that the Software, including the SDK Software, for a period of ninety (90) days after Licensee's download of a zip or other file comprising the SDK Software, and that the Software when properly installed and used according to the applicable Documentation, will perform in substantial conformance to the stated specifications provided in the Documentation (with nonconformance to be determined and established by DUST NETWORKS exclusively via applicable DUST NETWORKS performance verification testing).

**4.3 Remedy for Nonconforming Software.** If, during the applicable Warranty Period, (a) the SDK Software does not substantially conform to the applicable specifications provided in the Documentation, (b) such non-conformity materially affects the

functionality of the SDK Software, and (c) DUST NETWORKS receives notice of such non-conformity in writing via the support email address [DustCloud@linear.com](mailto:DustCloud@linear.com), DUST NETWORKS will use reasonable commercial efforts to remedy the nonconformity by repairing or replacing the non-conforming SDK Software. In the event repairing or replacing the SDK Software is not commercially reasonable, DUST NETWORKS may, at its sole discretion, terminate the license to the SDK Software. The remedies set forth herein shall be Licensee's sole and exclusive remedy, and DUST NETWORKS entire liability for breach of this limited warranty.

DUST NETWORKS warranties herein extend to Licensee only, and not to any other third parties. DUST NETWORKS neither assumes nor authorizes any other person to assume for it any other liability in connection with the sales, installation, maintenance or use of the Software or performance of services. Replacement SDK Software assumes the warranty status of the Software being replaced and has no separate or independent warranty of any kind. Because the SDK Software is inherently complex, DUST NETWORKS makes no warranties or representations that the operation of the SDK Software will be uninterrupted or error free, or that the Software or the results produced will meet Licensee's needs or expectations. OTHER THAN AS EXPRESSLY SET FORTH ABOVE, THE SOFTWARE IS PROVIDED "AS IS" AND DUST NETWORKS MAKES NO WARRANTIES, EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE.
